

DIMPRO® 100

Supports breast, cervical and prostate health[†]

INDICATIONS

- Ages 18 and up
- Breast, cervical and prostate health support[†]

BENEFITS

- Potential support for maintaining the function of healthy breast cells and breast comfort[†]
- Promotes cervical and prostate cell health[†]
- Supports healthy cell cycle function and signal transduction[†]

FEATURES

- Offers BioResponse DIM®, specially developed for enhanced absorption
- Formulated with ingredients naturally found in vegetables like broccoli, kale and Brussels sprouts
- Made with vegan ingredients

VERIFIABLE SCIENCE

DIMPRO® 100 contains BioResponse DIM® (diindolylmethane complex). Diindolylmethane is a metabolite of indole-3-carbinol (I3C). Both are metabolites of glucosinolates found naturally in cruciferous vegetables like broccoli, kale and Brussels sprouts. Upon contact with gastric acid in the stomach, I3C is converted to a number of active compounds, predominantly diindolylmethane. Research indicates that diindolylmethane supports healthy cell cycle function and signal transduction to maintain breast, cervical and prostate cell health.^{1,2,3} In a double-blind, randomized clinical trial, BioResponse DIM® revealed potential support for maintaining the function of healthy breast cells.⁴ Another randomized placebo-controlled crossover trial found that it promoted statistically significant breast comfort.⁵ Furthermore, an additional double-blind, randomized clinical trial with 52 women found that BioResponse DIM® supported cervical cell health.⁶ Diindolylmethane in its pure form is highly insoluble. Patented, microencapsulated BioResponse DIM® has been specially developed for enhanced solubility and absorption.⁷ This form may be more supportive than I3C in cases of low gastric acidity.[†]

SUGGESTED USE

As a dietary supplement, take 1 capsule, 1-3 times daily, with or between meals.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Diindolylmethane in its pure form is highly insoluble. Patented, microencapsulated BioResponse DIM® has been specially developed for enhanced absorption. BioResponse DIM® is a complex of starch (derived from corn), diindolylmethane, d-alpha tocopherol succinate, phosphatidylcholine (derived from sunflower) and silica, standardized to contain 25% diindolylmethane
- Vitamin C (ascorbyl palmitate) is derived from corn dextrose fermentation and palm oil
- Hypoallergenic plant fiber is derived from pine cellulose

NOTES

Size 0 caps

Bottle count 60, 120

Order codes DP6, DP1

Bottle size 120 cc, 190 cc

DIMPRO® 100

Supports breast, cervical and prostate health[†]

SUPPLEMENT FACTS

1 capsule, 1-3 times daily, with or between meals.

Each (size 0) vegetarian capsule contains:

BioResponse DIM® diindolylmethane complex	100 mg
(complex of starch, diindolylmethane, vitamin E (tocophersolan), phosphatidylcholine and silica)	
(standardized to contain 25% diindolylmethane)	25 mg

Other ingredients: hypoallergenic plant fiber (cellulose), vegetarian capsule (cellulose, water), ascorbyl palmitate

BioResponse DIM® and DIMPRO® are trademarks of BioResponse, L.L.C., Boulder, CO.
