

# Liposomal Vitamin C liquid

Enhanced absorption liposomal vitamin C to support cellular function, antioxidant defenses and immune health<sup>†</sup>

## INDICATIONS

- Ages 18 and up<sup>†</sup>
- Immune support<sup>†</sup>
- Antioxidant defense<sup>†</sup>

## BENEFITS

- Promotes healthy Immune function<sup>†</sup>
- Supports cellular function<sup>†</sup>

## FEATURES

- Unique liposomal delivery form for enhanced absorption
- Includes soy-free, non-GMO liposomes from sunflower
- Made with high-quality, vegan ingredients backed by verifiable science

## VERIFIABLE SCIENCE

Liposomal Vitamin C liquid offers the antioxidant vitamin C in an enhanced absorption liposomal form to target cellular health and function, as well as immune defense.<sup>1,2</sup> This liposomal liquid delivery system utilizes phospholipids from non-GMO sunflower oil and tight manufacturing control to ensure vitamin C encapsulation for optimal performance.<sup>3</sup> The controlled processing procedure results in very small, higher-stable, spherical liposomes. These small-sized liposomes allow for increased diffusion across mucus membranes and absorption.<sup>4,5†</sup>

## SUGGESTED USE

As a dietary supplement, take 1 teaspoon daily, or as directed by a health professional. Hold in mouth for 30 seconds before swallowing. Take on an empty stomach, at least 10 minutes before meals.

## STORAGE

Store in a cool, dry place.

## WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

## SOURCE

- Vitamin C is derived from corn dextrose fermentation
- Phospholipids are derived from sunflower lecithin
- Natural citrus oils are derived from orange and lemon

## NOTES

Serving size 5 ml (approximately 1 teaspoon)

Servings per bottle approximately 24

Order code LCL

Bottle size 120 ml (4 fl oz)
